School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education and the Illinois State Board of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction if required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency. Symptoms may include fever or chills, cough, shortness of breath or difficulty breathing. fatigue, muscle or body aches, headache, new loss of smell or taste, sore throat, congestion or runny nose, nausea or diarrhea
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Visitors

Adult visitors are always welcome to visit Chaney-Monge School. All student visitors must be accompanied by an adult during school hours. The safety of our students and staff members has always been a high priority for the Administration and the Board of Education. As a result, all exterior entrance doors to our school will be locked from 8:00 a.m. until 2:40 p.m. with the exception of the main Elsie Avenue entrance. All students will be instructed how to use this system at the beginning of the school year. They will be instructed NOT to open ANY door for anyone under ANY circumstances unless accompanied by a school staff member. Signs have been posted at all exterior entrances to the school to notify the general public and delivery persons.

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Approved visitors must take a tag identifying themselves as a guest and place the tag on their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Jacelynn Hall, Principal.

Any student may file a sex discrimination complaint under the District's Title IX Grievance procedure. Any student may file a sex discrimination complaint under the District's Uniform Grievance Procedure. A student may appeal the Board's decision to the Regional Superintendent and thereafter, to the State Superintendent of Education.

Uniform Grievance Procedure

A student or his/her parent(s)/guardian(s), employees, or community members should notify any District Complaint Manager if they believe that the School Board, its employees, or agents have violated their rights guaranteed by the State or Federal Constitution, State or Federal Statute, or Board policy including:

A parent/guardian may request that his/her child be exempt from using a particular instructional material or program by completing a curriculum objection form and using the Uniform Grievance Procedure. The Complaint Manager will make every attempt to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, will address the complaint promptly and equitably. The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. Please direct all inquiries to the Complaint Manager: Principal, or Superintendent.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Emergency School Closings

In cases of bad weather and other local emergencies, the principal will send a recorded phone message directly to the phone numbers listed on your child's registration form. Messages are sent immediately after the decision has been made to close school for the day. Please do not call the school to verify that school has been closed. Locally the following television and radio stations will continuously broadcast school closing information. You can also check the following websites for school closing information.

If we dismiss early for an emergency, all after-school functions are automatically cancelled.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded or abuse or neglect are recorded, a copy of the tape may be provided to law enforcement personnel or DCFS.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse at (815) 722-6673.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If you child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

c. Sign the Diabetes Care Plan.

d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the School Nurse.

Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

Admission, Attendance and Promotion

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Registration

Registration is in person and not online.

When registering a Kindergartener or a new student to our district, a certified birth certificate, Illinois State Board of Education Transfer Form if transferring from another Illinois public school district, current physical exam including immunization record and eye exam, and TWO proofs of residency MUST be presented at the time of registration.

A child must be five years of age on or before September 1st of the year in which the child is to be enrolled in Kindergarten.

Proof of residency may include the following:

- Driver's License, Illinois State Identification Card, Voter's Registration Card, Mortgage Papers/Payment Book, Property Tax Bill, Lease, Loan Payment, Bank Statement, Home or Auto Insurance Policy, Medical Card (**Utility Bills WILL NOT be accepted**)

Residency

A student must be a valid resident of the school district and provide required proofs of residency before the student will be enrolled. Residency is defined as the district wherein the parent or legal guardian resides. Different standards may apply to students who experience homelessness. Questions about residency should be referred to the Principal.

Residency Investigations

It is illegal to provide a false address for the purpose of attending school in a district in which you do not live. A detective agency will be employed to conduct school residency investigations. If illegal residencies are found, legal action will be taken.

Chaney-Monge School District will use the CLEAR public database to automatically verify family address information. This process is implemented to ensure that students enrolled in our school are residents within the boundaries of District 88. CLEAR uses parent's name and address to crosscheck information against electronic databases. This process is completed as the registration process occurs. If your residency is NOT verified through the CLEAR process, you will be notified to submit additional documents to verify your address.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal. Absence for mental or behavioral health is excused for up to 5 days before a medical note is required.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal. The school may require documentation explaining the reason for the student's absence.

- **Parents must call 815-722-6673 to leave a message or talk to office personnel to report an absence. If the attendance office has not received a call from the parent by 8:15 a.m., every attempt will then be made to contact the parents either at home or at their place of employment to determine the nature of the absence.**
- If the office was unable to communicate with the parents by telephone on the day of the absence, a written excuse stating the reason for the absence and signed by the parent, guardian, or doctor, must be presented to the office secretary the day the student returns to school.
- After three consecutive days absence, a doctor's note is required for an excused absence.
- Failure to do either procedure will result in the student receiving an UNEXCUSED ABSENCE. All work missed during this absence cannot be made up and quizzes and tests will receive a failing grade.

- For safety and security reasons, a prior written or oral consent of a student's custodial parent/guardian is required before a student is released from school before the end of the day. Upon dismissal, a parent/guardian must sign the student out in the office.
- If a student is going to be absent for an extended period of time and wishes to make up work, parents should call the school and make arrangements for homework.
- Students are not to leave class at any time without permission from the teacher.
- Students are not to leave the building during the school day without permission from the Principal or Superintendent.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. **Students who are unexcused from school will not be allowed to make up missed work.**

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her prolonged absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program. A student who is unable to attend school because of pregnancy or pregnancy related condition , the fulfillment of parenting obligations related to the health of the child or health and safety concerns from domestic or sexual violence will be provided home instruction, under the following conditions: before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. (3) When a student must care for his or her ill child if(a). The child's physician, physician assistant, or advanced practice registered nurse informs the school, in writing, that the child has a serious health condition that would require the student to be absent from school for two or more consecutive weeks; and (b). The student or the student's parent/guardian informs the school, in writing, that the student needs to care for the child during this period.

(4) the student must treat physical or mental health complications or address safety concerns arising from domestic or sexual violence when a health care provider or an employee of the student's domestic or sexual violence organization informs the school in writing that the care is needed by the student and will cause the student's absence from school for two or more consecutive weeks.

The school may reassess home instruction provided to a student under No. 3 or No. 4 every two months to determine the student's continuing need for home instruction.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

For information on home or hospital instruction, contact: Kelly Gibson or Jackie Hall.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Absence from school is not conducive to the mission of the district nor the education of the student and is not excused except in case of personal illness, death in the immediate family, observance of religious holiday, family emergency. Students are expected to give a satisfactory reason to the school from the parent(s) or guardian for any absence or tardy. A call by the parent or guardian is required on the first day and each subsequent day of absence or tardiness. A written excuse may be required by the school. Parents are encouraged to avoid creating circumstances that create prolonged absence for their child during the school year when school is in session.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issues. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the Will County Regional Office of Education truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to being dropped from enrollment.

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

Grading Scale

92 - 100	A
83 - 91	B
74 - 82	C
65 - 73	D
0 - 64	F

Alternate Grading Scale

An alternate grading scale of E=Excellent, S=Satisfactory, and U=Unsatisfactory rather than the traditional A through F scale may be used in special circumstances.

Retention/Promotion

The decision to promote a student to the next grade level shall be based on the successful completion of the curriculum, cumulative GPA, attendance, performance based on Illinois State Testing, and/or other testing. A student shall not be promoted based upon age or any other social reason not related to academic performance. In order to accomplish this, the following procedures will be used in determining a student's placement for the next school year.

- Teachers shall notify the parents of a student who is not working up to grade level at the Fall Parent-Teacher conference.
- At the end of second quarter, each teacher will submit to the Principal the names of students who may possibly be recommended for retention.
- The Principal will then notify the parents in writing of this possibility and encourage the parents to come to school for a conference.
- At the end of third quarter, the same procedure for second quarter will be repeated.
- At the end of May, teachers will recommend to the Principal their students for retention.
- The Principal will make the final decision and inform the parents.

Accelerated Placement

The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher

grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

2. Student Fees and Lunch

Student Lunch Program

Chaney-Monge School serves a nutritious meal every school day to Grades K-8. Chaney-Monge implements the Community Eligibility Provision for the school year. Community Eligibility Provision Schools are able to provide healthy breakfasts and lunches each full school day at no charge for Grade 1-8 students attending Chaney-Monge for the year. Lunch programs do not discriminate against students because of race, sex, color, or national origins. Questions about the lunch program eligibility should be directed to the Business Manager.

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

1. Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.

The business manager will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the business manager will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the business manager 815.722.6673. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for a meal.

Transportation

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student

is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

Students of Chaney-Monge School may qualify to ride buses to and from school each day. In order to apply for regular bus service, your residence must be located in or on one of the designated hazardous routes:

- Oakland Avenue
- West of Oakland Avenue
- Broadway (Route 53)
- Caton Farm Road
- Theodore Street
- Division Street

Students may sign up for busing on Registration Day in August. Forms are always available in the office for late registration or necessary bus changes. Schedules, rosters, and routes are made based on bus capacity. So, if you delay submitting a student transportation request for your child, it is very unlikely that we will be able to accommodate you in an efficient manner, especially if a route has to be changed. PLEASE SUBMIT YOUR REQUESTS EARLY.

To accommodate day care, arrangements may be made to bus students from an alternate address. However, students will be bused to ONE address only.

Bus Regulations and Conduct

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

The goal of School District #88 is to provide safe bus transportation to and from school for qualifying students. We ask that students and parents familiarize themselves with the following information and encourage observance of these guidelines and regulations. The driver is in charge of the bus and his/her passengers at ALL times. ALL SCHOOL RULES and CONSEQUENCES are APPLICABLE WHILE RIDING THE BUS.

Any transportation referrals will be turned over to the Principal and/or Dean for one of the following actions: Written Warning, 1 Day Off Bus, Minimum 3 Day Suspension from Bus Service, Termination of Bus Service for the Remainder of the Year

THE ADMINISTRATION HAS THE LEGAL RIGHT TO DENY A STUDENT TRANSPORTATION IF HIS/HER CONDUCT WARRANTS SUCH ACTION, IN WHICH CASE THE PARENTS BECOME RESPONSIBLE FOR SEEING THAT HIS/HER CHILD ARRIVES TO AND FROM SCHOOL.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Be aware of moving traffic and pay attention to your surroundings.
2. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
3. Arrive on time at the bus stop and stay away from the street while waiting for the bus. Be at the bus stop 5 minutes prior to scheduled pick up.
4. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
5. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
6. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, computers, smart phones, smart watches, and other electronic devices must be silenced on the bus unless a student uses headphones.
7. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
8. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take at least five giant steps (10 feet) away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic, even after the driver's signal.
12. Never run back to the bus, even if you dropped or forgot something.
13. All school rules apply on the bus, at a bus stop or while waiting for the bus.
14. Payment of damage incurred to the bus by students is the responsibility of the parent.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

3. Health and Safety

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Kindergarten or the first grade;
2. Entering the sixth grade; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grade 6. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Vision Screening

Vision screening will be done each school year as mandated for children in the following grades: Kindergarten, Second, and Eighth. Vision screening will also be done for any teacher referrals and for students transferring into our school from schools that have not previously screened. Vision screening shall be provided annually for all special education students. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not permission to test and is not required to be returned. Vision screening is not an option. If a vision examination report is not on file at the school for your child, your child in the mandated group will be screened.

Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child's report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack or access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian

must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed Student Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure. A student may possess medication prescribed for asthma or allergies once his/her parent(s)/guardian(s) have completed and signed a "Student Medication Authorization Form".

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

All medications, both prescription and non-prescription, which are necessary to maintain the child in school and must be given during the school hours shall be administered according to the following guidelines:

- Medication will only be administered to students who provide a completed "Student Medication Authorization Form" (available in the Nurse's office) signed by both the physician and parent/guardian. This form is effective for the school year for which it is granted and must be renewed yearly.
- All medication is to be brought to school in original containers appropriately labeled with child's name on it.
- All medications shall be stored appropriately in a locked cabinet in the Nurse's office.
- It shall be the student's responsibility to report to the Nurse at prescribed medication times.
- Unauthorized medication in school will be confiscated and may be reclaimed only by the parent.
- Cough drops may be used only if accompanied by a daily dated note signed by parent/guardian.
- No non-prescription medications (other than cough drops) may be self-administered by students at school.
- Supervisors of field trips shall make every effort to administer necessary medication either before or after field trip. If this is not feasible, then supervisors of field trips shall carry necessary medication to dispense during the field trip.
- Chaney-Monge retains the discretion to deny a request to administer medications.
- Please consult the School Nurse if your child needs to take prescription or non-prescription medications during the day.
- It is the parent/guardian's responsibility to pick up any unused medication at the end of the school year. Medication that is not picked up will be discarded.

<u>Self-Administration of Medication</u>

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin. Students who are diabetic must also have a Diabetes Care Plan on file with the school

The school and district shall incur no liability, except for willful and wanton misconduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton misconduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

<u>Designated Caregiver Administration of Medical Cannabis</u>

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their

child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *Student Medication Authorization Form - Medical Cannabis*.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

Under Illinois law. any student 12 years of age or older may receive counseling services without consent of the student's parent/guardian. However, until the consent of the student's parent/guardian has been obtained, counseling services provided to a student under the age of 17 are generally limited to not more than eight 90-minute sessions.

Head Lice

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian. Infested students are prohibited from riding the bus.

3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.

4. A parent/guardian must accompany the student excluded for head lice to the return to school after treatment. A student excluded because of head lice will be permitted to return to school only when the child is determined to be treated and free of the head lice by the school nurse.

Safety Drill Procedures

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill conducted within 90 days of the start of school with students present to address a school shooting incident and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. All other drills will not be preceded by a warning to students.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. 5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.

4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds. Schoolwork for a suspended student may be made-up.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning from school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibited: Firearms, Knives, Brass Knuckles & Other Objects Used or Attempted to Be Used to Cause Harm

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year, but not more than two calendar years.

Gang & Gang Activity

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Guidelines for Student Discipline Grades 4-8

Behavior will be categorized as mischievous and severe. Mischievous behavior includes but is not limited to: not following directions, not reporting to class on time, not bringing materials to class, not keeping hands, feet and objects to self, name calling, put downs. Behavior that interrupts the learning environment, but does not stop the learning process or compromise the safety of the school, may be considered mischievous. Teachers and staff will follow the Classroom/School-wide Behavior Management Plans for mischievous behavior including but not limited to logging behavior, contacting parents, social worker assistance or referral to the principal.
Severe misbehaviors include, but are not limited to: acts of violence, weapons, bullying, overt defiance, substance abuse, vandalism and other behavior that prevents the safe functioning of the school. Students will be referred immediately to the principal for severe behavior.

A student will be assigned to discipline as outlined in the Administrative Support Plan and State law. This plan includes five steps for mischievous behavior and five steps for severe behavior.
Students will receive in-school suspension or out-of-school suspension for severe behavior as outlined in the discipline policy and includes but is not limited to 1-10 Days Internal or External Suspension.
A student who has received four external suspensions and an expulsion warning during a school year will receive as a consequence for any subsequent offense during that school year no less than a fifth external suspension and an expulsion recommendation. A student on an expulsion warning will be recommended for expulsion in the event of any additional misconduct as set forth in the Disciplinary Guidelines.

Vandalism: The school district will seek restitution from students and their parents/guardians for vandalism that cause damages to school property or other student's property.

DIAGNOSTIC EVALUATION:
If a student reaches multiple days suspension, or is frequently on discipline or shelter cards, it has become apparent that something is not working and the evaluation is an attempt to find out what is going wrong and to do something about it so the student can get more out of school. This involves talking to his/her parent(s)/guardian(s) and to other school personnel. It also involves gathering relevant academic, behavioral, intellectual, and historical information. Following the evaluation, there will be a conference between the student, parent(s)/guardian(s), and the Principal to discuss the information collected and to select a path for the student which will lead to greater success.

FUNCTIONAL ANALYSIS:
If a student continues to have behavior problems, reaching or surpassing multiple in school/out of school suspensions, and continued use of repeated discipline or shelter cards, it is apparent that the interventions previously put into place are not helping the student. With parental consent, a team comprising of the school psychologist and social worker will observe the student at different times of the day to gather more data. A specific and concrete behavior plan will be put into place to further assist the student.

Annual Notice to Parents about Educational Technology

Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information

- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Student Privacy Protections

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students' Personal Information

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

The school expects to administer the following surveys that request personal student information on the following approximate dates: 5E survey in March/April; Illinois Youth Survey in November

The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting. A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis. Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course. State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District. Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course: The time of year when the student's participation ceases; and the students class schedule, dates specified by a person licensed under the Medical Practice Act.

10 Special Education

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of either Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. PUNS (Prioritization of Urgency of Need for Services)

Database Information for Students and Parents or Guardians

The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at https://www.dhs.state.il.us/page.aspx?item=41131.

11 Student Records and Privacy

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the district may request an additional 5 business days in which to grant access. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be send to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior

written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.
